Wish All Fathers in Yoma Group a Happy Father's Day

It is father's day this Sunday. Although my father is no longer with us, I would like to write this post in remembrance of him and share a picture of the great times traveling together in our past celebrations. Happy father's day to all the fathers.

"Time after time, I've seen you put our needs before your own. I feel very lucky. I'm also grateful to have learnt from you what it means to be resilient, to show loyalty towards our loved ones and generosity to everyone around us. Wish you health and happiness for the coming decades. Look forward to running the next Yoma Marathons together. Happy Father's Day!"

Love, Tracy

Pun Hlaing Estate Measures Keep Our Residents Safe

To ensure the complete wellbeing of our temporary and long-term residents, Pun Hlaing Estate built temporary accommodation for over 350 front line staff members at Pun Hlaing Estate to provide essential services during the lockdown.

The sacrifice made by the frontline team members were admirable; they had gone way and above their normal call of duties to ensure the sustainability of our on-going operations. A stronger bond was developed between us and our residents. News of our staff commitment to create a safe haven for residents spread like wildfire. And thanks to them, we have emerged from the crisis with a stronger brand positioning.

WHAT DO YOU APPRECIATE MOST?

I really appreciate all the Group's new initiatives. The Emergency loan really helped us a lot especially during this difficult time.

WHAT DO YOU ENJOY THE MOST?
